

KOOLERGROUP
REFRIGERATION, PLUMBING & HVAC

Looking for a career?

Plumbing Apprentice required immediately for commercial work in Yorkton, SK. Established in 2017, Kooler Group offers both commercial and residential services in HVAC, Plumbing and Commercial Refrigeration.

Why Kooler Group?

- Group plan dental and health benefits
- Group RRSP's with match up to 3%
- \$250 Indenture fee paid by Kooler Group

Are You:

- Driven and motivated to complete jobs quickly and correctly.
- Positive, optimistic attitude
- Looking to be challenged and persevere in high pressure situations

Duties:

We are looking to hire a 1st or 2nd year Plumbing Apprentice to complete their education and employment with Kooler Group in Yorkton. The right candidate will be motivated, dependable and ready to work hard with a great team.

Duties would include, but are not limited to: assisting the Journeyperson on a variety of service and installation jobs at commercial and residential job sites. Manual labour duties such as trenching, insulating, parts runs, and cleaning up job sites are common within the first year. Water heater installs, furnace service/installation, plumbing repairs, rough ins, gas line installations and installation of plumbing fixtures are areas you will gain experience. Our plumbers work in both residential, commercial and industrial buildings.

Requirement: Attend SaskPoly Tech in Regina or Saskatoon for 8 weeks at a time over 4 - 5 years. We will help you apply online with MYATC and cover your indenture fee.

Wage package of \$19.00-\$24.00 per hour pending experience and tickets (Yr 1 - 2 Apprentice)

Please contact Kooler Group for more information.
